

Good Morning Kit Makers,

When women get together, we can do great things!

That was very evident in this drive.

I can't thank you enough for putting the Feminine Kits together and for choosing Mobile Loaves Twin Cities as your community outreach project. Your energy and passion for helping people in need was evident. You rolled up your sleeves and dove in and made 380 kits in such a short amount of time.

Your club's generosity was obvious during this entire event and I thank you for that.

Mobile Loaves appreciates you more than you know!
