Dear AAUW,

Thank you for supporting JP families! Your generous donations will support single mothers and their children as they pursue their educational, career, and life goals and chart a path toward economic mobility.

Your gift makes an incredible difference. We believe that no mother should have to choose between investing in herself and her children. That's why everything we do is structured around single mothers and small children living on the financial margins. Because of champions like you, we can continue creating space for moms to pour into their children's success and their own.

Empowered moms are the future, and we are proud to help build a movement with moms front and center.

We are deeply grateful for both your belief, and investment, in our families.
